

# United States Senate

COMMITTEE ON FINANCE

WASHINGTON, DC 20510-6200

April 21, 2010

## Via Electronic Transmission

Patrick Finnerty  
Director  
Virginia Department of Medical Assistance Services  
State of Virginia  
600 East Broad Street  
Richmond, VA 23219

Dear Director Finnerty:

In the United States, the federal and state governments spend roughly \$317 billion every year on the Medicaid program. As Ranking Member of the Senate Committee on Finance, I have an obligation to ensure that taxpayer dollars are appropriately spent on federal health care programs. Like the Medicare program, Medicaid suffers from systemic weaknesses that lead to fraud, waste, and abuse across the program, resulting in higher costs and less health care to those who are in need. The overutilization of prescription drugs, whether through drug abuse or outright fraud, plays a significant role in the rising cost of our healthcare system. The purpose of this letter is to request information regarding certain outliers in Virginia's Medicaid program and what steps Virginia takes to monitor rates of utilization.

In recent inquiries, I have asked the U.S. Department of Health and Human Services about physicians prescribing mental health drugs at astonishingly high rates. In addition to these concerns, a recent CNN report detailed the increasing abuse of OxyContin, Roxicodone, and Xanax. Specifically, the report described the role some pain management clinics and physicians play in the black market for these drugs. I write today to better ascertain how high rates of both mental health and pain medication utilization are affecting the Medicaid program, as well as how Virginia's rates compare to the national rates.

To that end, please provide charts that list of the top ten Medicaid prescribers of the following drugs for the years 2008 and 2009. For each prescriber, please provide his/her prescriber identifier, and the number of prescriptions written per drug per year, and the total amount billed to Medicaid per drug, separated for each year.

- Abilify;
- Geodon;
- Seroquel;
- Zyprexa;

- Risperdal;
- OxyContin;
- Roxicodone; and
- Xanax.

I thank you in advance for your cooperation and request that you provide the requested documents and written responses by no later than May 5, 2010. In your reply, please format information into a chart like the examples provided below. All formal correspondence should be sent electronically in PDF format to [Brian\\_Downey@finance-rep.senate.gov](mailto:Brian_Downey@finance-rep.senate.gov) or via facsimile to (202) 228-2131. Of course should you wish to discuss this matter further, please do not hesitate to contact Christopher Armstrong of my Committee staff at (202) 224-4515.

Sincerely,

A handwritten signature in black ink, appearing to read "Chuck Grassley". The signature is written in a cursive, flowing style.

Charles E. Grassley  
Ranking Member

Acting Director  
Department of Medical Assistance Services  
600 E. Broad Street  
Suite 1300  
Richmond, Virginia 23219

Dear Ms. Jones:

On May 4, 2010, your state provided my office with data regarding the top ten prescribers of several pain management and mental health drugs in your state. These types of drugs have addictive properties, and the potential for fraud and abuse by prescribers and patients is extremely high. Mental health drugs continue to be prescribed at astounding rates and pain management clinics are turning into a hotbed for black market painkillers. When these drugs are prescribed to Medicaid patients, it is the American people who pay the price for over-prescription, abuse, and fraud.

After an extensive review of prescribing habits of the serial prescribers of pain and mental health drugs in Virginia, I have concerns about the oversight and enforcement of Medicaid abuse in your state. While I am sensitive to the concerns of misinterpretation of the data you provided, the numbers themselves are quite shocking.

For example, in 2008 and 2009, prescriber number 1932162716, wrote nearly twice as many prescriptions than the second highest prescriber for Abilify. For the drug

Seroquel, this same provider wrote 577 more prescriptions in 2008 and 268 more prescriptions in 2009 than the second most prescriber.

It is my intention to ensure that each of the states is adequately monitoring, investigating, and stopping fraud and over-prescription of these types of drugs. Therefore, please provide answers to the following questions:

1. What action, if any, has your agency taken with respect to the prescribers identified to the Committee?
2. If there has been no action taken with respect to these prescribers, please explain why not.
3. Please identify which of the providers identified to the Committee remain eligible to bill the Medicaid Program.
4. Please provide the 2010 and 2011 numbers for the top prescribers of these same drugs.
5. Has each of these prescribers been cross-checked for complaints or misconduct with the state medical board or the National Practitioner Data Bank? If not, do you plan to do so?
6. Have any of the prescribers identified to this Committee been referred to your state medical board?
7. Is there any system set up in your state to identify and monitor excessive prescription writing? If not, why not?
8. Have you received any training or guidance from the Centers for Medicare and Medicaid Studies to help identify potential issues with prescription drugs?
9. Does your state maintain a database of all prescribed controlled-substances? If so, what entities have access to it?
10. Does your state have any point-of-sale restrictions related to maximum units, prior authorization, therapeutic duplication, or early refill? If not, why not?
11. Were any of these top ten prescribers identified in the federal-mandated Drug Utilization Review or CMS-base retrospective reviews?
12. Does your state have any programs in place to educate providers about the prescription of antipsychotics to children and adolescents?

Thank you in advance for your cooperation and attention in this matter. When responding to this letter, please number your answers in accordance with my questions. I would appreciate a response by February 13, 2012. If you have any questions, please do not hesitate to contact Erika Smith of my staff at (202) 224-5225.

Sincerely,

A handwritten signature in blue ink that reads "Chuck Grassley". The signature is written in a cursive, flowing style.

Charles E. Grassley  
Ranking Member  
Committee on the Judiciary

The Honorable Charles E. Grassley  
Member, United States Senate  
Committee of the Judiciary  
Washington, D.C. 20510-6275

Dear Senator Grassley:

This is in reply to your letter of January 23, 2012, in which you asked questions regarding the prescriber data we provided you on May 4, 2010. You asked us to respond to additional questions regarding this data submission. Below you will find your question and our response:

Question 1 – What action, if any, has your agency taken with respect to the prescribers identified to the Committee?

*Answer – The Virginia Department of Medical Assistance Services (DMAS) has not taken any action, as of the date of this letter, on any of the providers identified in your letter of January 23<sup>rd</sup>.*

Question 2 – If there has been no action taken with respect to these prescribers, please explain why not.

*Answer – DMAS has not identified any activity specific to these providers that would constitute aberrant behavior that suggested fraud or other activity that appeared out of compliance with the DMAS State Plan for Medical Assistance (State Plan) or that suggested fraudulent behavior that required referral to other state or Federal agencies responsible for investigating fraud or an unsound medical practice that would involve violations of their license to practice medicine in the Commonwealth of Virginia.*

Question 3 – Please identify which of the providers identified to the Committee remain eligible to bill the Medicaid Program.

*Answer – Of the providers listed in the previous report, Provider ID#s 1326047606, 1427050087, 1396732459, 1114063849, 1740252998, 1356374284, 1083617179, 1689645210, 1659487189, and 1932165057 no longer participate in the Fee-For-Service Medicaid program as of February 1, 2012.*

Question 4 – Please provide the 2010 and 2011 numbers for the top prescribers of these same drugs.

*Answer – This report will be provided under separate cover by February 15, 2012, as confirmed with Erika Smith of your office.*

Question 5 – Has each of these prescribers been cross-checked for complaints or misconduct with the state medical board or the National Practitioner Data Bank? If not, do you plan to do so?

*Answer – All Medicaid providers are checked on an ongoing basis to determine if they have a license in good standing with the Virginia Board of Medicine and to determine if they have been identified on the National Practitioner Database.*

Question 6 – Have any of the prescribers identified to this Committee been referred to your state medical board?

*Answer – DMAS has not referred any of the prescribers identified in the original report to the Virginia Board of Medicine.*

Question 7 – Is there any system set up in your state to identify and monitor excessive prescription writing? Is not, why not?

*Answer – Yes.*

Question 8 – Have you received any training or guidance from the Centers for Medicare and Medicaid Studies to help identify potential issues with prescription drugs?

*Answer – Yes.*

Question 9 – Does your state maintain a database of all prescribed controlled-substances? If so, what entities have access to it?

*Answer – Yes. Entities which have access to the Prescription Monitoring Program include the Virginia Attorney General's Office, Medicaid Fraud Control Unit, and the Virginia Department of Health Professions.*

Question 10 – Does your state have any point-of-sale restrictions related to maximum units, prior authorization, therapeutic duplication, or early refill? If not, why not?

*Answer – Yes.*

The Honorable Charles E. Grassley  
February 8, 2012  
Page Three

Question 11 – Were any of these top ten prescribers identified in the federal-mandated Drug Utilization Review or CMS-base retrospective reviews?

*Answer – No.*

Question 12 – Does your state have any programs in place to educate providers about the prescription of antipsychotics to children and adolescents?

*Answer - Yes*

If you have any other questions or concerns about this issue, I invite you to contact my office at your convenience.

Sincerely,

A handwritten signature in black ink that reads "Cynthia B. Jones". The signature is written in a cursive style with a large, stylized "C" and "J".
